

Committee Common Meeting Night  
March 22, 2017

Christ King Parish's 4 Committees met individually and came together afterward to share their summaries.

Fr. Phillip asked each committee to reflect on their programs and activities and ask themselves whether these are Maintenance oriented or Mission oriented. They have until their May meetings to answer the guided list of questions.

Before sharing summaries, Daniel Williams, who is living at the rectory while he is studying to be a priest, made a brief introduction to committee members. He has now advanced to Minister of Lector in his studies. He will speak at the Reconciliation service on Sunday.
