1. Fellowship Sundays

- The committee would like to establish a liaison for Fellowship Sundays to provide greater support for Fran Clemens. This liaison would assist with setting up tables (and anything else deemed necessary by Fran) prior to the event and being a point of contact and/or coordinator on Sundays.
- The committee received a list of 10 people from the Time & Talent returned forms that expressed an interest in Fellowship Sunday.
- In addition to these 10 people, the committee has established a working list of volunteers that are ready and willing to assist at Fellowship Sundays. We will be trialing the use of Sign Up Genius (internet-based site for coordinating volunteer staffing at a given event) so volunteers can put themselves on the service list for a given Fellowship Sunday.
- The committee is considering expanding Fellowship Sunday to provide more typical meal food instead of (or in addition to) "snack" type foods. The goal of this initiative is to encourage attendees to spend more time with each other and foster community. "Snack"-like food may be encouraging a "grab and go" mentality.
- Action items needed in the short-term
 - Andy to send the committee a list of currently-planned Fellowship Sundays for the 2017/2018 liturgical year
 - Andy to send the committee a copy of the Fellowship Sunday guidelines for further review and refinement
 - Andy to research the procedures of Sign Up Genius
 - Julie to coordinate with Fran Clemens regarding the Feast of Christ the King (anything planned? Help needed?)
