

# Christ King Gives Back

## Grades 3-5 (Session 2)

Dog toys for the Humane Society  
No-sew hats and scarves

## Grades 6-8 (Session 1)

Painting rocks with scripture verses  
Making sandwiches for Guest House

## Session Descriptions - Grades 3-5

### Beautiful Rosary Bracelets/Rugged Pocket Rosaries

Make a beautiful rosary bracelet with glass beads, complete with a crucifix and miraculous medal. Wear it to remind you to pray or give it as a gift. Are bracelets not your thing? Make a rugged pocket rosary out of beads and paracord.

### What's the Buzz?

Students will learn about the dynamic life of the honey bee. They will get up close and personal with a live observation bee hive. They might even get to taste some real, local honey.

### Mock Trial of Goldilocks

Goldilocks breaks into the 3 bears' house. Guilty or not guilty? You get to decide. Students will serve as the attorneys, judge, and jury as they try Goldilocks and learn about the court system.

### JK Lee's Tae Kwon Do

Learn beginner basics of Tae Kwon Do and the life skill of focusing attention.

### Hour of Coding

Enjoy an opportunity to try an interactive coding activity and learn a little bit about computer science

### Lacrosse

Currently America's fastest-growing sport, lacrosse is a game that everyone can enjoy! Come learn and try our nation's oldest sport.

### Field Hockey

An introduction to field hockey by coaches and players from DSHA. Field hockey is one of the most popular sports in the world and at DSHA. Each year approximately 80 Dashers come out for the sport, and most players have never tried it before. Field hockey is a stick and ball sport played generally like soccer-but with a stick!

### Introduction to Sign Language

Students will be exposed to basic signs in American Sign Language including the alphabet, colors, foods, animals, and some basic phrases, i.e. "Hello, "How are you?", "My name is \_\_\_\_\_", I like \_\_\_\_\_"

### Fun Science with a Scientist

Dr. Hodges will lead an exciting and educational series of experiments using physics and chemistry. Topics will include exothermic reactions, electromagnetism, and physical properties of gas behavior.

### Rescue Gang Dog Rescue

Learn what the Rescue Gang does and have a chance to meet some of their dogs.

### Zumba/Groove

Learn dance fitness based in Latin/pop rhythms

### Operation CK

Participate in a variety of educational and interactive activities, including medical Jeopardy, hands-on ultrasound, teaching about medical/surgical instruments, x-ray review, operation game station, trying on/using surgical attire, and a Jell-o surgery simulator.

### Meet Truman!

Come learn about Wauwatosa's therapy dog...Truman. You'll get to spend time with him and learn how therapy dogs are trained, whom they help, and what they do for the community.

### Minute to Win It

How many games can you win in a minute? Come and find out. You'll have fun playing some of the most challenging and funny games with your friends...work together to see who can win the most in 60 seconds!

### Hawaiian Dance (girls only)

Students will learn basic hula steps, the culture of Hawaii, and a Hawaiian dance.

### How is it Made: Real Maple Syrup (3rd-4th)

Do you like maple syrup? Do you wonder how it is made? This class will show you how maple syrup is made starting with the maple tree and ending with a sample taste of the sweet stuff.

### Cross Stitch a Bookmark (4th-5th)

Learn the basics of cross-stitching by making a bookmark. Learn to choose a design, thread a needle, and begin stitching!

### Fun with Ukuleles (5th only)

Learn a little about the history of the ukulele and Hawaiian culture and leave with a new ukulele song under your belt!

## **Session Descriptions - Grades 6-8**

### Hawaiian Dance (girls only)

Students will learn basic hula steps, the culture of Hawaii, and a Hawaiian dance.

### Cross Stitch a Bookmark

Learn the basics of cross-stitching by making a bookmark. Learn to choose a design, thread a needle, and begin stitching!

### JK Lee's Tae Kwon Do

Learn beginner basics of Tae Kwon Do and the life skill of focusing attention.

### Hour of Coding

Enjoy an opportunity to try an interactive coding activity and learn a little bit about computer science

### Lacrosse

Currently America's fastest-growing sport, lacrosse is a game that everyone can enjoy! Come learn and try our nation's oldest sport.

### Introduction to Sign Language

Students will be exposed to basic signs in American Sign Language including the alphabet, colors, foods, animals, and some basic phrases, i.e. "Hello, "How are you?", "My name is \_\_\_\_\_", I like \_\_\_\_\_"

### Fun Science with a Scientist

### Fun with Ukuleles

Learn a little about the history of the ukulele and Hawaiian culture and leave with a new ukulele song under your belt!

### Air Donut Duel

Learn about the science of toroids in nature and how they form. We will play with a large toroid cannon built from a garbage can and classmates will compete in an epic Air Donut Duel. Lastly, everyone will build a personal handheld air donut cannon to impress their friends and amaze their parents!

### Cartooning

Try a class demonstrating the basics of cartooning, including joke structure and simple drawing techniques.

### First Aid Basics

Learn how to handle basic first aid situations, including how to manage an emergency from a registered nurse. You will build and bring home your own first aid kit.

### Minute to Win It

How many games can you win in a minute? Come and find out. You'll have fun playing some of the most challenging and funny games with your friends...work together to see who can win the most in 60 seconds!

### iPhone Photography

Bring your smartphone to school for Discovery Day to learn the best way to use your camera from a professional photographer. **Must have your own smartphone to participate.** Small class size will make sure you get some experience.

Please mark your top three choices for the two sessions that you are not participating in a service project. Please return this form to your homeroom teacher by **Friday, March 22nd**. If you are not at school on registration day (Monday, March 25th), this form will be used to register you for sessions.
