Stewardship Committee Goals:

Focus on educating and engaging the Christ King community on what it means to be a Total Stewardship Parish.

- Provide opportunities for parishioners to share their talents/gifts with the parish and the community. The Ministry & Service guide is a good starting point. Educate and create awareness of opportunities.
- Assist Fr. Phillip with the annual financial campaign. Educate the parish about the importance of financial giving and publish/communicate the impact of giving via the Annual Report. The Annual Report also provides an opportunity to celebrate the wonderful activities going on in the parish.
